“ Joe was one of the nicest people I knew when I was in middle school. He'd always greet me and talk to me whenever I saw him in the halls. I hadn't really gotten close to him but he said something really meaningful to me one day out of the blue that I'll always remember for the rest of my life. From how I remember him, he was a super kind, and genuine man, and his words inspired me. Im sorry I hadn't gone to visit fieldstone over the past few years, would've loved to have talked to him more.
